

**Just added 18<sup>th</sup> April 2020:**

**Maths for 7, 8 and 9 year-old students.**

**Daily Dollar and Maths Lessons.**

- Your students will need a book to write their answers in.
- The money is make believe!  
Don't get caught providing it!!  
Incentive only!! Adding practice!
- This is Daily Dollar!  
Your warm-up entry may lead to something else.
- It is written at the level of  
your student, 7 , 8 and 9  
year-old students.
- You will notice Daily  
Dollar gets more  
challenging as the weeks  
go on.
- Here is a wide range of  
“using maths” problems.
- Enjoy! Yu may not get  
this opportunity again!!
- Best wishes. Bill.
